"Invariably my cigar loses some of its acid aroma and smokes better for it," said a Barre business man, as he opened a box of Habanos which he had just removed from a drawer in his desk. He referred to a red apple which he invariably keeps in the same drawer with his cigars. "It isn't always the same apple, of course, but during the greater part of the year, he says, he manages to have an apple in his cigar drawer. "I can't explain the connection between a cigar and an apple," he went on, "but I do know that the rankest cigar may be improved if it is allowed to mellow in a box or drawer where apples are kept."

Shawmut rubbers at Fitts'.

A crowd of 80 young people, including nearly every member of the Italian Pleasure club and an invited guest participated in the I. P. C.'s annual sleigh ride to Williamstown last evening. The affair was the fourth outing of its kind in the history of the club and, by common consent of those who joined in the merry-making, it was the most successful.

Barges from the Jones & Nye stable left the club at 6:15 o'clock and by the time the trip to Williamstown had been completed, the sleighing enthusiasts had appetites already whetted for supper. Covers for a near-banquet had been laid in the diningroom of the grand hall and a tempting dinner was served immediately after the arrival of the last barge. After dinner there was an informal program of music and a dance order followed. An orchestra of club musicians played until far into the night and it was not a long way from dawn when the return trip to Barre was made. A committee consisting of Dr. O. E. Barr, Alex. Emalie and Peter Merle had charge of the arrangements.
